The grant holder will benefit from health insurance, supported by INESC TEC.

### 2. OBJECTIVES:

The objective of this work is to develop a learning-based system for the detection of malicious source code.

### 3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

The fellow should implement a malicious source code detection model and validate it with samples of benign and malicious source code. The fellow should also explore different approaches for source code representation, and validate the performance of the detector with different types of malicious source code. The work described in this plan requires the application and development of concepts and techniques in Electrical and Computer Engineering and Informatics Engineering that are typically taught in the core courses of the study plan of Electrical and Computer Engineering and Informatics Engineering masters degrees.

#### 4. REQUIRED PROFILE:

##### Admission requirements:

Enrolled in a masters degree in Electrical and Computer Engineering, Informatics Engineering, or Computer Science.

The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

##### Preference factors:

Experience with learning from data and source code analysis

##### Minimum requirements:

Programming experience; interest in cybersecurity activities

#### 5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

**Selection criteria and corresponding valuation:** the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the Regulations for Grants of INESC TEC, while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 30%), Scientific Publications (PC, 20%), Experience (EX, 30%) and Motivation Letter (CM, 20%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

##### The Selection Jury is composed of the following members:

President of the Jury: Ricardo Morla

Full member: João Alexandre Saraiva

Full member: Nuno Moreira Macedo

Substitute member: Rui Alexandre Pereira

**Release of results and prior hearing:** the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.
