

CALL FOR GRANT APPLICATIONS (AE2021-0039)

INESC TEC is now accepting grant applications to award 1 Research Initiation Grant (BII) within the scope of the INESC TEC LA funded by National Funds through FCT - Portuguese Foundation for Science and Technology, I.P., project (reference UIDB/50014/2020)

1. GRANT DESCRIPTION

Type of grant: Research Initiation Grant (BII)

General scientific area: COMPUTER SCIENCE

Scientific subarea: Informatics

Grant duration: 6 months, starting on 2021-04-01, with the possibility of being renewed for a maximum term of one year.

Scientific advisor: José Orlando Pereira

Workplace: INESC TEC, Braga, Portugal

Maintenance stipend: € 416,12, according to the table of monthly maintenance stipend for FCT grants, paid via bank transfer. Grant holders may be awarded potential supplements, according to a quarterly evaluation process (Articles 19, 21 and 22 of the Regulations for Grants of INESC TEC and Annex II), up to a maximum limit of 50% of the monthly maintenance stipend.

Costs attributable to INESC TEC may include registration, enrolment or tuition fee stipend, either directly or through reimbursement, during the grant duration.

The grant holder will benefit from health insurance, supported by INESC TEC.

2. OBJECTIVES:

Concurrent and distributed systems programming according to the functional-reactive paradigm, for example, with ReactiveX, is increasingly relevant and popular given its impact not only in the correction but also in performance.

In this context, this project aims at investigating the possibility of obtaining a modular implementation of consensus protocols, which may be suitable for different use cases, particularly in the context of blockchains. To this end, this project focuses on the Raft algorithm and its implementation in the Spring Reactor middleware and in micro-service architectures.

Concurrent and distributed systems programming according to the functional-reactive paradigm, for example, with ReactiveX, is increasingly relevant and popular given its impact not only in the correction but also in performance.

In this context, this project aims at investigating the possibility of obtaining a modular implementation of consensus protocols, which may be suitable for different use cases, particularly in the context of blockchains. To this end, this project focuses on the Raft algorithm and its implementation in the Spring Reactor middleware and in micro-service architectures.

3. BRIEF PRESENTATION OF THE WORK PROGRAMME AND TRAINING:

Research, design and implement protocols for distributed agreement in HPC environments;

Evaluate and assess the performance of the designed protocols;

Contribute to writing scientific papers.

The tasks described in this work plan require the application and development of concepts and techniques in the area of Computer Science and may contribute to dissertation projects of Integrated Masters in Informatics Engineering or Master in Informatics Engineering.

4. REQUIRED PROFILE:

Admission requirements:

student in informatics engineering (master's level) or related area

The awarding of the fellowship is dependent on the applicants' enrolment in study cycle or non-award courses of Higher Education Institutions.

Preference factors:

- Solid knowledge of distributed systems and multi-tier application architectures;

Minimum requirements:

- partial average of 15 or higher (Portuguese scale from 0 to 20);

5. EVALUATION OF APPLICATIONS AND SELECTION PROCESS:

Selection criteria and corresponding valuation: the first phase comprises the Academic Evaluation (AC), based on the criteria referred to in Article 12 of the Regulations for Grants of INESC TEC, while the second phase comprehends the Individual Interview (EI). All factors are evaluated on a scale of 0 to 100, taking into account the applicants' merit, suitability and conformity with the preference factors.

The weight of the AC factors are as follows: Academic Qualifications (FA, 70%), Scientific Publications (PC, 0%), Experience (EX, 20%) and Motivation Letter (CM, 10%).

Candidates who score less than 50 points in the AC average will be considered excluded on absolute merit. The top five candidates approved on absolute merit will be qualified for the individual interview. The Final Grade (CF) is obtained by the weighted average of AC (80%) and EI (20%).

The Selection Jury is composed of the following members:

President of the Jury: José Orlando Pereira

Full member: Ana Nunes Alonso

Full member: Fábio André Coelho

Substitute member: João Tiago Paulo

Release of results and prior hearing: the results of the selection process, as well as the terms and procedures for prior hearing, will be released to the applicants by email, under the terms referred to in Article 13 of the Regulations for Studentships and Fellowships of INESC TEC.

6. FORMALISATION OF APPLICATIONS:

Application Documents:

1. Motivation letter;
2. Curriculum Vitae (must include the list of previous fellowships, their type, beginning and end dates, funding entities and host institutions);
3. Certificate or diploma degree fully recognised in Portugal;
 - Documents proving the awarding of academic degrees and diplomas, or the according recognition - in cases of academic degrees or diplomas granted by a foreign higher education institution - can be dismissed in the application process, and replaced by the applicant's declaration of honour, with the verification of said condition taking place during the grant's hiring stage. The submission of the certificate is mandatory when signing the contract.
 - Academic degrees or diplomas awarded by a foreign higher education institution require an authentication by a Portuguese higher education institution, and the corresponding registration on the DGES platform, in conformity with Decree-Law no. 66/2018, of August 16, and Ordinance no. 33/2019, of January 25. More information available on the website <https://www.dges.gov.pt/pt/pagina/reconhecimento?plid=374>
4. Proof of enrollment in a degree awarding study cycle or in a non degree awarding Higher Education program.
 - The proof of enrollment may be presented just during the grant hiring stage.
5. Signed declaration stating not having benefited from any other research fellowship (Article 5, no. 5)
6. Documental evidence to support the country of residence, residence permit or other legally equivalent document, in cases where the applicant is a foreigner or non-resident in Portugal - valid until the beginning of the grant.
7. Other supporting documents relevant to the final assessment.

Failure to deliver the required documents within the 90-day period after the date of the notice of the conditional awarding of the grant implies its cancellation.

Application period: From 2021-03-03 to 2021-03-16

Submission of applications: the application will be formalised by submitting the form available in the *Work With Us* section of INESC TEC website.

7. BINDING LEGISLATION AND REGULATION

The hiring process shall comply with the current legislation regarding the Research Grant Holder Statute, approved by Law no. 40/2004 of August 18, in its current wording, as well as by the Regulations for Grants of INESC TEC and for [FCT Grants Regulation in force](#).
